

# AAMOD KHATIWADA

📍 Boston, Massachusetts ✉️ [khatiwada.a@northeastern.edu](mailto:khatiwada.a@northeastern.edu) 🌐 <https://aamodkh.github.io>  
in <https://www.linkedin.com/in/aamod-khatiwada> 📄 <https://scholar.google.com/citations?user=OnkSeCsAAAAJ>

## RESEARCH INTERESTS

---

LLM Optimization, Data Discovery and Integration, Tabular Representation Learning, Knowledge Graphs, Data lake Management

## EDUCATION

---

**Northeastern University, Khoury College of Computer Sciences, Boston, MA, USA** Sep 2020 - Present  
*PhD Candidate, Computer Science, Current GPA: 3.939, Expected Graduation: December 2024*

Advised by: Dr. Renée J. Miller

Research summary: *Develop novel tools, algorithms and foundation models to add semantics to the open data tables, and use such semantics for data management, table cleansing, table discovery and table integration.*

**Northeastern University, Khoury College of Computer Sciences, Boston, MA, USA** Sep 2020 - Apr 2023  
*Masters in Computer Science*

**Tribhuvan University, Institute of Engineering (IOE), Kathmandu, Nepal** Nov 2014 - Nov 2018  
*Bachelor's Degree in Electronics and Communication Engineering*  
Distinction, Department Topper

- O. Hassanzadeh, **A. Khatiwada** and S. Shirai, “*Link Prediction Using an Ensemble of Representations and Rules*” (under revision)

## SELECTED TALKS

---

- **A. Khatiwada**, “*Guest Lecture on Table Discovery and Integration in Data Lakes*”, in Boston University, Boston, MA, USA. Mar 2024. <https://bu-disc.github.io/CS561/slides/CAS-CS561-Class14.pdf>
- **A. Khatiwada**, R. Shraga, W. Gatterbauer and R.J. Miller, “*Invited Video Showcase of Integrating Data Lake Tables*”, in TaDA@VLDB 2023. <https://www.youtube.com/watch?v=4c6SYCwQ7uc>
- **A. Khatiwada** and G. Fan, “*Table Discovery and Integration in Data Lakes: Challenges and Solutions*”, in North-east Database Day. Mar 2023. <https://northeastern-datalab.github.io/nedbdays/2023/>

## EXPERIENCE

---

### **Data lab, Northeastern University, Boston, MA, USA**

*Sept 2020 - Present*

*Graduate Research Assistant*

- Developed a principled way of using LLMs to generate benchmarks for tabular tasks.
- Led a group project entitled *SANTOS* on finding the unionable open data tables by detecting their semantic types.
- Developing novel techniques and algorithms to integrate open data tables and web tables in a principled way.
- Created open data benchmarks for data discovery tasks.

### **Microsoft AI, Redmond, WA, USA**

*June 2024 - Aug 2024*

*Data Science Intern (Microsoft Ads Team)*

Mentors: Deepak Saini, Qiang Lou and Jian Jao

- Developed an optimization algorithm that reduces LLM inference latency by over 29 % with negligible accuracy drop in relevant Ads recommendation task.
- Trained Language Model to understand the semantics of online web search queries and recommend relevant Ads to the users.

### **IBM Research, Thomas J. Watson Research Center, Yorktown Heights, NY, USA**

*May 2023 - Aug 2023*

*AI Research Scientist Intern*

Mentors: Dr. Udayan Khurana, Dr. Kavitha Srinivas and Dr. Oktie Hassanzadeh

- Led a project on building a large language model for data management tasks.
- Developed systematic ways of creating benchmarks to fine tune large language models for data discovery tasks.
- Developed TOPJoin algorithm for searching joinable tables from the data lake which is a part of IBM's Watsonx.data product (<https://www.ibm.com/products/watsonx-data>).

### **Northeastern University, Boston, MA, USA**

*Sept 2022 - Dec 2022*

*Teaching Assistant (Khoury College of Computer Sciences)*

- Contributed to the development of course materials and course projects for a graduate-level course *CS7290: Special Topics in Data Science* (<https://northeastern-datalab.github.io/cs7290.f22/>)
- Taught three lectures covering state-of-the-art systems for data discovery and management.

### **IBM Research, Thomas J. Watson Research Center, Yorktown Heights, NY, USA**

*May 2022 - Aug 2022*

*Exploratory Science Research Intern*

Mentors: Dr. Oktie Hassanzadeh and Dr. Dharmashankar Subramanian

- Led a project on detecting the causal relations in Knowledge graphs using embeddings and GNN-based models.

## **Tribhuvan University, Kathmandu, Nepal**

*Nov 2018 - Jan 2020*

*Teaching Assistant (Department of Electronics and Computer Engineering)*

- Carried out lab classes on C programming, Digital Logic and Big Data Analytics.
- Assisted final year students to design and debug their major projects.

## **AWARDS AND EXTRA CURRICULAR**

---

- Best Paper Award in TaDA@VLDB 2024
- SIGMOD Student Travel Award from ACM SIGMOD. (Apr 2023)
- PhD Startup Fund from Khoury College of Computer Sciences, Northeastern University, MA, USA. (Sept 2020)
- Leadership And Mentorship Program (LAMP) Scholarship from the Dean of the Whitacre College of Engineering, Texas Tech University, TX, USA. (Jan 2020)
- Awarded as **the best undergraduate student** at Electronics and Computer Department, Tribhuvan University, Nepal for three consecutive years (Sophomore, Junior and Senior). (2016, 2017, 2018)

## **PROFESSIONAL SERVICE**

---

- **PC Member:** SIGMOD Availability and Reproducibility 2024, TaDA Workshop 2024, SIGMOD Availability and Reproducibility 2023, SemTab Challenge@ISWC 2023
- **Reviewer:** HILDA@SIGMOD 2024, SIGIR Conference 2024, SIGIR Conference 2023
- **Student Volunteer:** SIGMOD Conference 2023
- Member at Computer Science PhD Admission Committee, Northeastern University (2021 and 2024)

## **SKILLS**

---

- **Programming:** Python, C, C++, PHP, SQL, SPARQL, JavaScript, Java, Solidity, Assembly Programming
- **Tools and frameworks:** Pytorch, Knowledge Graphs, Large language models, Hadoop MapReduce, Spark, Laravel, jQuery, D3, Tensorflow,  $\LaTeX$

## **GRADUATE COURSEWORK**

---

Information Visualization (project: <https://aamodkh.github.io/theta-join-visualization>), Distributed Systems (project: <https://github.com/aamodkh/distributed-datalake-tapestry>), Principle of Scalable Database Management, Advanced Algorithm, Large Scale and Parallel Data Processing, Special Topics in Database Management
